27 March 2026 | Workshop
28-29 March 2026 | Conference

Abu Dhabi,
United Arab Emirates

THE REGION'S LARGEST NEONATOLOGY CONFERENCE

Organized by

شركة الشرق الأوسط وشمال أفريقيا للمؤتمرات ذ.م.م.

Middle East North Africa Conference Company LLC

WELCOME MESSAGE

Dr. Aiman Rahmani

Dr. Junaid M. Khan

Dear Colleagues,

It is our great honor to welcome you to the **15th International Neonatology Conference on "Hottest Topics in Neonatal Medicine"**, taking place in **Abu Dhabi, UAE**, with the **Workshop on 27 March 2026** and the **Conference on 28-29 March 2026**.

As neonatal care continues to evolve at a remarkable pace, INC2026 is designed to serve as a dynamic platform where innovation, collaboration, and clinical excellence converge. This year's edition places a strong emphasis on transforming insights into actionable improvements—empowering healthcare providers to elevate standards of care for our most vulnerable patients.

Our program brings together visionary experts, pioneering researchers, and frontline clinicians who are shaping the future of neonatal medicine. Participants will gain exposure to breakthrough technologies, emerging diagnostic tools, and advanced therapeutic approaches that are redefining outcomes in neonatal care across diverse clinical settings.

The conference will explore pressing challenges and bold ideas in areas such as artificial intelligence in neonatology, precision nutrition, early detection of critical illness, innovative ventilation strategies, neonatal neuroprotection, ethical considerations in high-risk cases, and the integration of digital health to enhance continuity of care. Interactive case discussions and multidisciplinary exchanges will encourage participants to reflect, question, and reimagine current practices.

Beyond scientific advancement, INC2026 aims to strengthen connections within the neonatal community. We have curated an environment that encourages meaningful dialogue, cross-institutional collaboration, and the development of long-term partnerships that can drive impactful change globally. Whether you are a seasoned expert or an early-career professional, this gathering provides a space to share experiences, challenge established norms, and champion evidence-based improvement.

In keeping with our commitment to excellence, INC2026 continues to draw the endorsement of esteemed international medical organizations and the participation of leading institutes from the United States, Europe, Australia, the Middle East, and the United Arab Emirates. Their support reinforces the conference's role as a hub for global knowledge exchange.

We invite you to join us as we shape the next chapter of neonatal care together. Your participation is vital to advancing clinical practice, fostering innovation, and strengthening the collective mission to improve neonatal outcomes worldwide.

We look forward to welcoming you to Abu Dhabi for an inspiring and transformative experience.

Dr. Aiman Rahmani

Dr. Maqbool Qadir

Head of Pediatric Department
and Regional Care Coordinator,
Al Dhafra Hospital, Abu Dhabi, UAE

CONFERENCE OBJECTIVES

Upon completion of this educational activity, participants will be able to:

- Overview the recent developments in the neonatal-perinatal medicine
- Discuss the most pressing neonatal conditions and the latest updates in common neonatal disorders
- Discuss therapeutic controversies and implications for clinical practice
- Review pathophysiology and problem-based in neonatal medicine
- Discuss new developments in treating conditions that are associated with morbidity and mortality in the neonate.
- Identify the importance of preventive approach in minimizing medical complications and optimizing developmental outcome
- Evaluate the role of new modes of ventilation
- Review updates in the strategies for controlling and preventing infections in the neonatal
- Discuss nutrition dilemmas
- Review updates in Jaundice
- Provide improved competency, performance and quality of care for newborns

TARGET AUDIENCE

- Neonatologists
- Pediatricians
- Medical Residents and Fellows
- Obstetrics & Gynecologists
- ER Physicians
- Family Physicians
- General Practitioners
- Pharmacists
- Respiratory Therapists
- Nurses, Midwives
- All healthcare professionals who are interested in Neonatal Medicine

KEY FEATURES

- Presentation by renowned speakers from over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community
